

Topic 18: Discuss why you would like to visit a particular country. When are you going to visit it and why?

I have always wanted to visit china since I was a child. Because I have watched many movies about natural landscape and great ancient constructions such as The Great Wall of China, The Terracotta Army, The Ming Dynasty Tombs, The Forbidden City, ...vv. I feel it is truly magnificent and mysterious, that's why I want to see it in person even more. I'm going to visit it when I am 30 years old, I think so because I currently don't have the financial means for an overseas trip. At that time. I will take my family to go to visit china because they are just like me. We all wants to visit this country to see those magnificent structures.
